

OSHA dba NOISE EXPOSURE

Table G-16 Permissible Noise Exposure

Duration Per Day (hours)	Sound Level dBA Slow Response
8	90
6	92
4	95
3	97
2	100
1 1/2	102
1	105
1/2	110
1/4 or less	115

Ergonomics plays a large role especially if the blowgun is used for a long period of time. When selecting a blowgun the users' comfort is considered. Grip, weight, feel, and ease of use are important safety aspects that reduce user fatigue and discomfort.

Safety glasses and personal protective equipment are always used and required!
